WORK ON TARIFF BILL

Democrats of Senate Finance Committee
Frame Resolution Binding
Support to Measure as
Perfect.

[BY ASSOCIATED PRESS.]
Washington, July 3.—Confirmation of David Lamar's claim that it was he who drew the congressional resolution under which the Stanley committee investigated the United States steel corporation, was given to the senate lobby committee today by Henry B. Martin head of a so-called "anti-trust league."

Martin's testimony, less gripping and less startling than Lamar's yesterday when the latter blandly told of confidential relations with Wall Street leaders and his impersonation of congressmen was corroborative and supplementary to Lamar's on several points.

He testified that after Lamar drew the steel trust investigating resolution he, Martin induced Representative Stanley to introduce it. He did not tell Stanley that Lamar was its author but did not try to suppress the fact, he declared knowledge that Lamar had used the resolution before introduction in dealings with financiers and protested he knew nothing of Lamar's telephone impersonation.

Persistent questioning by the senators failed to make Martin divulge what the "anti-trust league" was or who composed it. He declined to give names of members or tell of the dispositions of thousands of dollars he said it had spent.

Work on Tariff.
Democrats of the senate finance committee met today to frame the binding caucus resolution and close up odds and ends of various schedules. The caucus later will endeavor to complete its work, but it is probable another session will be necessary. The resolution will pledge support to support the bill introduce no amendments not approved by the finance committee and support none offered by republicans or democrats who may remain out of the caucus. All democrats except Senators Ransdell, Thurston and Hitchcock are expected to pledge themselves.

**PASS HIGHWAY BILL
AFTER WARM DEBATE**

Amendment to Cut Appropriation
Turned Down by Assembly.
Roethe Makes Violent
Attack.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., July 3.—After spending the whole day in discussing the bill for state aid to highways with Secretary W. O. Roethe and the assembly last evening, the assembly definitely postponed the measure by a vote of 18 to 44. The bill was then engrossed and passed by a vote of 35 to 22. The bill provides that the state shall annually appropriate from \$1,200,000 to \$1,000,000 to aid the counties in the construction of highways. The bill also provides that the state shall annually appropriate from \$1,200,000 to \$1,000,000 to aid the counties in the construction of highways.

The close of the debate was marked by an attack by Assemblyman Roethe of Tompkins, who moved indefinitely postponement. He said that the system of state aid to towns and counties in the construction of highways was a humbug. He charged that the money was not spent economically and that the provisions of the law were used as a club over the towns to force them to come under the provisions of the highway aid law. Roethe claimed that the "system of building highways is so extravagant that we are building roads with silver dollars."

Assemblymen Laursen and Allison both opposed the bill and said that the farmers did not want this state aid. Allison claimed that the money was taken from one pocket and placing it in another.

Richardson favored an amendment that would take the money collected from taxes upon corporations and use it as a fund for the building of highways. On motion of Assemblyman Roether the amendment was defeated by a vote of 38 to 24. All rules were suspended and the bill was passed by a vote of 44 to 18.

The assembly engrossed the bill providing for additional agricultural schools to be maintained by the counties. The bill provides that not more than three agricultural schools may be erected in one year and not more than one shall be located within a senatorial district. The bill provides that when a county purchases a site for the erection of the building, the bill was opposed by Assemblyman Anderson.

**VETERANS LEAVING
GETTYSBURG FIELD
BY THE THOUSANDS**

Thousands More Left to Participate
in Exercises of Governor's Day—
Old Enemies Clasp Hands.

[BY ASSOCIATED PRESS.]

Gettysburg, July 3.—Although thousands of veterans left the uncertain joys of camp life behind and started for home, their going made little difference in the appearance of the battlefield camp today, for thousands of others were still alive with veterans in the exercises of Governor's day. On both sides of Confederate avenue the tents were still up and the lines between the cooks to have lost an inch although the number that have left is estimated at close to 10,000.

The veterans acted today like a lot of school boys whose vacation is only a few days away. Long before sun-up they began parading the camp to play music of "The Streets of Cairo" and "The Stars and Stripes" and played on life and drum. The veterans were hard workers and hands for they kept it up until mess call. Many of the men who expect to leave tomorrow night were already today on the men of the army they had come to know. In the days they have been here the feeling was that there was no doubt in the minds of those who say that so far as these men who have gathered here are concerned the war has ceased to be a source of hatred. One of the events of today was the charge of "The Survivors of Pickett's Division" on the "Brooklyn Brigade" held by the remnants of the Philadelphia brigade. Under the hot sun the men in gray marched across the field that has not seen anything more war-like than a black snake in fifty years up to the walls that form the angle. The "enemy" in blue was waiting. "Weapons" ready and when they met across the field they shook hands. Afterward they locked over the ground for the site for a \$250,000 monument they hope to have congress erect there.

Governor's Day called for speeches from state executives. Tenor of Pennsylvania, McGraw of Kentucky and Sulzer of New York. Provision has been made on the platform with the generals and governors for Vice President Marshall and the big congressional delegation from Washington.

At a meeting of Confederates the following resolutions were unanimously adopted:
"Resolved by the ex-Confederates at Gettysburg assembled that our thanks are due and are hereby tendered to the state of Pennsylvania for initiating the movement which has made it possible for the survivors of the two great armies which fought on this historic field fifty years ago to meet in friendship here today and plant a monument of peace, a monument which shall stand as the symbol of American valor, manhood and brotherhood."

"Resolved, that we thank the government of the United States for the magnificent and munificent manner in which it has seconded the efforts of the state of Pennsylvania in carrying out this great work of peace and fraternity between the blue and gray and without any self-abasement whatsoever we desire to reaffirm and pledge not only ourselves, but all our brothers and sisters, and all the people of our loved Southland to the utmost loyalty to the government of the United States and to the flag of our country."

"Resolved, that we take pride in the fact that to the armies of the Confederacy is due the credit of demonstrating the utter impossibility of the dismemberment of the Union. When we consider that 600,000 men of the very flower of civility, as good material as was ever organized in a fighting force and directed by such commanders as our beloved Robert E. Lee and his lieutenants inspired by a sectional devotion as has not elsewhere been known in history."

Industrial Commission Starts Action
Against Three Companies Violating Labor Laws.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., July 3.—With the general announcement that it will start prosecutions of all violations of the child labor or women's labor laws, the industrial commission today announced that it was at work on prosecutions against three specific companies. The intention of the commission to enforce the law is of far-reaching importance. Hundreds of women and children are employed in the industry. The importance of the law is not fully appreciated when it is said that Wisconsin furnishes 60 per cent of all the peas canned in America.

The announcement of the commission is of particular interest at this time because of the recent action under which the pea-canneries were given authority to employ women more than ten hours per day, when weather conditions made such action necessary. The commission made the law was to be lived up to in during the summer. Deputies in the field violation and the commission is reporting good its promise to prosecute. Several of the commission's deputies are now devoting all their time to inspection of canning factories as to violation of child labor laws, sanitation, safety of employees, etc. Under the present child labor law a fine is no trifling matter. An employer who permits a child without a permit, or who permits or requires a child to work longer than the legal limit of hours, commits a violation and is subject to a fine of not less than \$25 nor more than \$100. These fines may be collected in any form of debt. If an employer employs ten children for five days in violation of the law, he can be prosecuted on fifty counts and fined as high as \$5,000. This would put the average small cannery out of business. It is not unlikely that the commission in cases of serious violation will give the cannery owners a choice of paying the high fine or closing up shop.

Plymouth, July 3.—On Sunday next, July 5, a great home-coming festival will be held at the Plymouth Methodist Episcopal church. Public worship will be held at 2 o'clock when a sermon will be delivered by Rev. W. C. Sainsbury. Other clergymen whose attendance is expected are Rev. J. Reynolds, J. Potter, and C. W. Boag. There will be special music and a quartet, consisting of Mrs. C. W. Boag, Mr. and Mrs. Delrick, and the Rev. W. C. Sainsbury will sing. Services at the Orfordville church will be suspended for the day in order to permit all friends interested to attend. No invitations are being issued except through the press and it is hoped that all old friends who retain interest in the Plymouth church will be present. Accommodations for lunch will be provided in the church basement. Lemonade and ice cream will be served.

**"A Stitch in
Time....."**

There might be a modern version of that old adage to the effect that "A penny in time will often save a dime."

Nowhere is the truth of this revised adage more easily demonstrated than in the proper use of the best newspapers of the day.

If you are planning a trip, if you wish to go to a theatre, a lecture or church, if you need to buy practically any article of ordinary use, spend your copper for a good newspaper and turn to the advertising columns for the latest information on the subject you have in mind. Make a practice of doing this and you will find that you save yourself both time and trouble and that many a dime that might have been wasted had either been saved or spent in such a way that you have attained the maximum of value from it.

Needless spending wastes more money than willful extravagance.

In justice to yourself, you must keep in touch with what is in the market. Buy a newspaper and save your dimes by reading the advertisements regularly.

**BIG APPROPRIATION
FOR STATE SCHOOLS
PASSES IN ASSEMBLY**

Seventeen Amendments Proposed and
All But Two Rejected—Hard
Fight in Opposition.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., July 3.—The big appropriation bill for the normal school and university were put through the assembly at an early hour this morning, after a battle of four hours. Seventeen amendments were taken up and all but two were rejected. The vote on passage was 48 to 15. As passed, the bill appropriates \$2,464,056 to the normal schools for a two year period, and \$4,748,078 to the university. In addition to the latter amount, about \$100,000 will accrue to the university from federal grants and the sale of dairy products and from laboratory fees, etc., these being so-called revolving appropriations. The bill will go to the senate next week.

Seven of the amendments were submitted by Assemblyman Roethe of Grant county, who called the bill extravagant. They included provisions for striking out an appropriation of \$100,000 for the Oshkosh normal school, \$100,000 for a new dormitory at one of the normal schools to be selected, and \$50,000 for a men's dormitory, commons and union at the university, \$300,000 for their equipment, of \$150,000 for a liberal arts building at the university, of \$200,000 for a new medical and physics building at the university and of \$100,000 for the equipment of the proposed buildings. All were rejected. An amendment by Speaker Hull to wipe out the provision for additional lots and land for the university, amounting to about \$100,000 was also rejected.

One of the amendments adopted proposed first by Hamataz and amended by Anderson provides that the tuition fee for non-residents shall be \$100 per year. With other fees it will amount to about \$125, which figure Hamataz's amendment struck out. An amendment by Rieckler, which was adopted provides that Wisconsin students shall have preference in the dormitories. A hard fight was made to kill off the dormitory appropriation, but it failed.

An amendment by Roether wiping out the mill tax feature and substituting a flat appropriation for university and normals had good support in all factions, but it was rejected. An amendment by Hull to confine all appropriations for dormitories to dormitory purposes, and not allow them to be used for clubhouses, as he claimed was done in the case of the building of Lathrop hall, failed of adoption.

Newport, R. Straus, candidate for governor of New York on the progressive ticket last fall. Mr. Straus said that a great industrial revolution and a damaging precedent established when President Wilson signed the antitrust bill, making it impossible for any part of the appropriation for the enforcement of the Sherman anti-trust act to be used in the prosecution of farmers' associations or labor unions.

The progressive plan and purpose is predicated upon social justice and it is dedicated to redress such of the evils that can be corrected by legislation and it will not compromise its mission nor will it suffer the fates which to which both of the older parties are chained, to interfere with its mission.

Accounts of Fighting Between Former
Balkan Allies Differ With Both
Sides Claiming Victory—
Greeks Interested.

[BY ASSOCIATED PRESS.]

London, July 3.—War is to be declared by Serbia against Bulgaria at Uskup, for which place King Peter and Premier Patchitch departed from Belgrade this morning, according to the Exchange Telegraph company. The proclamation will state that Serbia has been provoked by Bulgaria to declare war.

Accounts Differ.

Accounts of the fighting between the former Balkan allies in Macedonia coming from the various capitals of the nations concerned are very conflicting. The Serbians and Greeks are issuing circumstantial reports of the defeat of the Bulgarian troops, while the latter state just as emphatically that they are advancing toward Saloniki which is in possession of the Greeks, and at the same time against the Serbians along the whole line.

Greeks Victorious.

Saloniki, July 3.—The battle between the Greek and Bulgarian troops which began on Wednesday resulted in a complete victory for the Greeks, according to official reports. The Greek artillery silenced the Bulgarian guns and the Greek infantry then pierced the Bulgarian lines at Dudli. The Bulgarian troops were driven away from the plain of Kilkish.

Casualties Heavy.

Geneva, Switzerland, July 3.—The casualties during the fighting in Macedonia between the Serbians and Bulgarians have been much heavier than the published figures would indicate according to the Serbian Red Cross society. The society telegraphed today to the Swiss Red Cross society asking to dispatch doctors and nurses to the scene of the hostilities. The message stated that 3000 wounded had been sent to the hospital and that the society was being kept in the hospital.

Belgrade, July 3.—Serbian reports

of the fighting on Tuesday between the Bulgarian and the Serbian armies state that the Bulgarians abandoned several entire battalions of field guns, many rifles and much ammunition. One thousand Bulgarian prisoners are said to have been taken by the Serbians. The Bulgarians declare that the Bulgarians lost 3000 dead and 1,800 wounded. Sofia, July 3.—The authorities here absolutely denied today all the statements issued in Belgrade reporting the success of the Serbian troops. An official statement says the Bulgarian troops repulsed the Serbians and captured a number of villages on the banks of the Zlatovska river in Macedonia.

Afterward the Bulgarians returned to their former positions. The Serbians are said to have suffered heavy losses.

LIGHTING SYSTEM GIVEN INSPECTION

Mayor Fathers and Councilmen Cummings and Millmore Make Tour of City Last Evening.

Mayor Fathers and Councilmen Cummings and Millmore made a tour of inspection over the city last evening to investigate the adequacy of the present distribution of street lights. A number of places were found where extra lamps are needed and a large number of places where the smaller power incandescent light can be installed to an advantage. One of the places where an arc lamp will undoubtedly be ordered is at the corner of Eastern avenue and Belmont avenue which is in total darkness. Under the present contract with the electric light company the city pays \$15,000 annually for lights. Provision is made for the addition of lamps at extra cost. In the annual report the matter of street lighting was treated with the following recommendation:

"The council are of the opinion that a greater distribution of the units of light should be made and with that in view, and as far as it appears practicable, some of the arc lights are being reduced or transformed into smaller units and so located, between existing lights and also in new locations, thereby remedying many of our dark and unlighted spots in and about the city."

When the present contract with the electric company which was taken out by the old common council for a period of three years, expires it is possible that some improvement in the system embodying the above recommendation will be considered.

Mrs. E. W. Lowell and Miss Jennie Hall entertained circles 4 and 6 at the Lowell cottage, four miles up the river Wednesday afternoon. The steamer Augusta, was chartered by the hostesses and forty enjoyed the river outing.

The ladies spent the afternoon in free-hand art sketching and music. Mrs. E. K. Doane and Miss Eva Gardner entertained the ladies with special musical selections. At six o'clock luncheon was served on the lawn. All voted Mrs. Lowell and Miss Hall royal entertainers.

These circles are sections of the Ladies Aid society and contribute no small way to the social life of the church. The function Wednesday afternoon was one of the most enjoyable of the year.

VETERANS LEAVING GETTYSBURG FIELD BY THE THOUSANDS.

(Continued from page one.)

"It has failed to separate the state, we see that the demonstration was complete, that the thing was not to be done and failure was not to be must give cause to those who in the future would contemplate such an undertaking."

Arrangements were perfected today for the reception of President Wilson tomorrow. He will arrive at 11 a. m. and will be met by Governor Tener. In order that the veterans may have the opportunity of seeing the president he will be driven through the streets of Gettysburg and out on the Emmitsburg road to the big tent, a distance of more than two miles. The president will begin his address immediately after arriving at the tent. The president, about noon, will leave for his summer home at Cornish, N. H.

The number of veterans who have died at the reunion was increased to eight today when George Walls of Lewisburg, 69 years old, died in the field hospital after the scheduled exercises in the big tent, ending at 4 p. m. "New York day" was on the program for today. All of the New York veterans planned to gather in the enclosure and listen to speeches by Governor Sulzer and General Horatio C. King and the Rev. Newell Dwight. Mr. Hillis of Brooklyn was selected as orator of the day. Veterans continued to wend their way homeward in large numbers. The railroad people estimated that up to midnight last night twenty-five percent of those who came to the great fair had departed for their homes. Hundreds of other veterans are still arriving, however, for Independence Day exercises tomorrow when President Wilson will be here and will speak.

GINK AND DINK. A FEW SIMPLE INSTRUCTIONS FOR GINK.

SPORT

Snap-Shots

STAND BACK, YOU CURS WE'LL SHOOT.

Say our stuff is quite a joke. Pan it if you will. I don't care. All the pangs your pains provoke. Scare amount to nil. What care we that others cry, "Gee, that guy's a quince!" If that we are getting by—We should write and wince! If our weekly wage we get Regularly—we should not fret!

HAS LEGS A MILE LONG.

Hap Myers, the new base stealing wonder of the Boston Braves, when going on the high speed flitting from base to base makes the distance between bases in just exactly ten steps. The distance from one base to another being 90 feet, so if you're real good at figures you will see that he makes nine feet a step. Myers is said to be blessed with the longest legs in the

league, as it would appear when we consider that the average runner makes about six feet in a stride. At present, however, Myers is somewhat handicapped in that he doesn't get on base as often as Bescher, Lobert and some of the rest of the team, but only 224. He stole 115 bases in the North-western league last season, but he isn't expected to duplicate that in the National league until he is able to connect offensively. He is something of a freak in a baseball way and is getting a lot of attention from fans who hope

to see him climb into the 300 class and cause the catchers quite a little distress.

LEACH RESPECTS BUD.

Leach Cross has arrived in Los Angeles and admits that he has considerable respect for Bud Anderson, the lightweight wizard of the west. "He must be some kid," said Leach, "because the western promoters don't send to New York for a man unless they know they have a wonder. Just the same, I am going right after him and while he may slip that rib cracker over on me, believe me, I won't be idle in the interim. He'll have to go all the way."

THEY LIVE LIKE KINGS.

Not long ago we lamped in the paper an item about the Glantz family, the world on a barnstorming trip in their own little private steamer. Pret-

ty flossy. And now there comes to our notice a little squid that says Clark Griffith is going to have a summer home for his whole team in Washington during the hot weather. Griff thinks that the hot nights prevent his players from getting the rest they should have and he's going to see that they sleep comfortably. The food served will be inspected and only such will be had that is healthful during the torrid spells. Griff has several places under consideration in the country adjacent to Washington.

MANY FAST HORSES ENTERED IN RACES AT DRIVING PARK

Have Many Fast Entries for Horse Races at Driving Park for Tomorrow's Races

Everything is in readiness for the races at the driving park tomorrow afternoon and a large field of entries for the horse, automobile and motorcycle races have been received. The three horse races promise to be the most exciting, as several of the fastest horses that are at present being put through their paces for the coming season will race tomorrow.

Among the horses to race will be Major K. owned by W. H. Kuhlman, who the track followers declare will give an account of himself before the season is over. E. Ray Lloyd's "Rex" is also entered and reports certify a winning season for him. He has a record of 2:17 1/2. John Nichols' colt, the J. C. N., who stepped the mile in 2:21. Other horses having a record under the 2:30 mark are also listed, and from this field excellent races may be expected.

The auto races between the local stock cars also promises to furnish a great deal of amusement to those who spend the afternoon at the park. Several fast runabouts will try for the cash prizes which are offered. There will be two auto races—one for twenty-five miles and the other for a distance of ten miles.

Local owners of motorcycles have promised to make the two races interesting and the competition in these events will be keen.

JANESVILLE GOLF MEN ARE BEATEN

Meet Defeat at Hands of Beloit Stars, By Score of 9 to 7.—Return Match.

Eight members of the Janesville Golf club, who went to Beloit yesterday, were defeated by the Line City players by the count of 9 to 7. The matches were in pairs, and were exceedingly interesting to witness. Three local men scored all the points for Janesville. They were: Al Schaller with three points; Francis Grant, three and Frank Baines, with one. The other five men were defeated by Beloit players: Rev. Beaton, E. C. Baumann, Fred Sheldon and Frank Jackson, losing two each, while F. J. Baker lost one point.

While in Beloit the local men were the guests of Hiram Morgan, who furnished a fine dinner for them. Many interesting features concerning the Beloit links, are that the putting greens were almost perfect while the grounds were two hundred percent better than ever before. Yesterday the Nassau system of counting was used.

The St. Louis Club will give the Beloit Country Club a return match next Wednesday at the local links. Interest was shown yesterday, and it is expected some mighty close contests will be available next Wednesday, when the return matches take place.

NUMEROUS BOXERS CLASH ON FOURTH

Many Prominent Pugilists to Celebrate "Old Glory Day" Tomorrow—Will Afford Fight Fans Much Pleasure

[SPECIAL TO THE GAZETTE.]
Chicago, Ill., July 3.—A great bunch of high-class pugilists will appear in the ring tomorrow as a part of the "Old Glory Day" celebrations in numerous cities throughout the country. From the Atlantic to the Pacific the air will be surcharged, figuratively speaking, with "bang! bang!" With bouts between Willie Ritchie and Joe Rivers, Leach Cross and Bud Anderson and Jack Britton and Charley White—to say nothing of the numerous lesser lights of the ring—the fight fans will be afforded a feast of first-class fights that should appeal to the most fastidious of the blase patrons of the game.

First on the list, of course, will be the lightweight championship battle between Willie Ritchie, the titleholder, and Joe Rivers, the fighting Mexican. The mill will be staged in San Francisco tomorrow afternoon by Promoter Eddie Graney. It will be Ritchie's first fight since he won the championship from Ad Wolgast.

Leach Cross, the fighting dentist of Gotham, and Bud Anderson, the marvel from the Northwest, will mix it up in Los Angeles for 20 rounds. The fans out on the coast expect this bout to be a summer. Cross has long been considered one of the top-notch fighters in the lightweight division. In his career in the East, he has held his own against nearly every good boy in his class. Anderson is a comparative newcomer in the game, but his record to date is such as to challenge the serious attention of the fans. He has never been defeated, and has sent some forty odd men to the canvas for the fast and furious "Knock-out." Brown and Joe Mandan.

The holiday menu that the New Orleans fight promoters planned to serve to their patrons seems to have been nudged up a little by the Governor of Louisiana. The West Side Club had expected to celebrate Uncle Sam's birthday anniversary by opening up the twenty-round game again and had matched Charley White and Jack Britton to go the marathon distance. But the Governor vetoed the proposal for a 20-round fight and if the battle takes place it will probably be at half that distance. Another good holiday match billed for the Crescent City will be a 10-round contest between "Wildcat" Ferns of Kansas City and Young Denny of New Orleans.

Other bouts scheduled for the holiday include the following: George "Knockout" Brown and Jimmy Howard, at Butte, Mont.; Jess Willard and Al Williams, at Reno, Nev.; Johnny Dundee and Tommy Dixon, at Albuquerque, and Phil Harrison and Tommy Sheehan, at Virginia, Minn.

SIX BALLOONS ENTERED FOR NATIONAL RACE

[SPECIAL TO THE GAZETTE.]
Kansas City, Mo., July 3.—At least six balloons are expected to start from here tomorrow in the national elimination race. The balloons are ready to be inflated and every preparation has been completed so that the first of the balloons will get away at daylight tomorrow morning.

The pilots who are expected to make the race, together with the clubs they represent are as follows: William Assman, St. Louis Aero Club; Albert Holz, Cincinnati Aero Club; Captain John Berry, Millon Population Club, St. Louis; C. M. Bumbaugh,

INDIANAPOLIS AERO CLUB; JOHN WATTS, KANSAS CITY AERO CLUB; AND A. T. ATHERBOLT, PHILADELPHIA AERO CLUB

The two winners in the elimination contest will be given places as representatives of United States in the international race for the James Gordon Bennett trophy in France this fall.

TEXAS DEAF MUTES ORGANIZE A SOCIETY

[SPECIAL TO THE GAZETTE.]
Waco, Texas, July 3.—As guests of the Brazos Club of this city a large number of deaf mutes from all parts of Texas assembled here today for a three days' conference. The chief purpose of the gathering is to organize a state society, having for its object the social and political betterment of those who are deprived of the powers of speech and hearing.

FORMER PRIME MINISTER OLLIVER EIGHTY-EIGHT

[SPECIAL TO THE GAZETTE.]
Paris, July 3.—Emile Olliver, who was prime minister to Napoleon III, when the latter declared war against Germany in 1870, attained his eighty-eighth year today. Olliver's public career virtually ended with the Franco-Prussian war. Since that time, however, he has accomplished a vast amount of literary work, including a stupendous history of France. At the age of four score and eight he still finds himself capable of working ten hours a day.

CARDINALS TO HAVE HARD BATTLE SUNDAY

Janesville Team to Meet Rockford Orioles Sunday at Driving Park—Butters to Pitch.

When the Janesville Cardinals meet the Rockford Orioles at the Driving Park, Sunday afternoon it promises to be one of the fastest games ever staged in this city. The Rockford team has the fastest bunch of players outside of the state league team, in their city and the locals have been putting up the brand of baseball that wins ball games, during the last month.

The visitors are sure to run up against some excellent pitching as "Cuddy" Butters is slated to do the hurling duties. Butters recently tried out for the Madison team in the state league and failed to make good because of the lack of control. He always pitched winning ball for the teams in this city and because of the experience that he received in the league should be able to hold the Rockford sluggers with ease.

The locals have been playing fast ball of late and have defeated some of the strongest teams in southern Wisconsin and predictions point toward many victories during the remainder of the season. On the fourth they are to clash with the Newark nine at Orfordville, the contest being the main feature of the celebration. The Cardinals should have an easy time defeating the villainage team.

ENGLAND TO RETAIN THE CHALLENGE CUP

Leander Rowing Club Defeats Eight of Argonaut Rowing Club of Toronto, Canada.

[BY ASSOCIATED PRESS.]

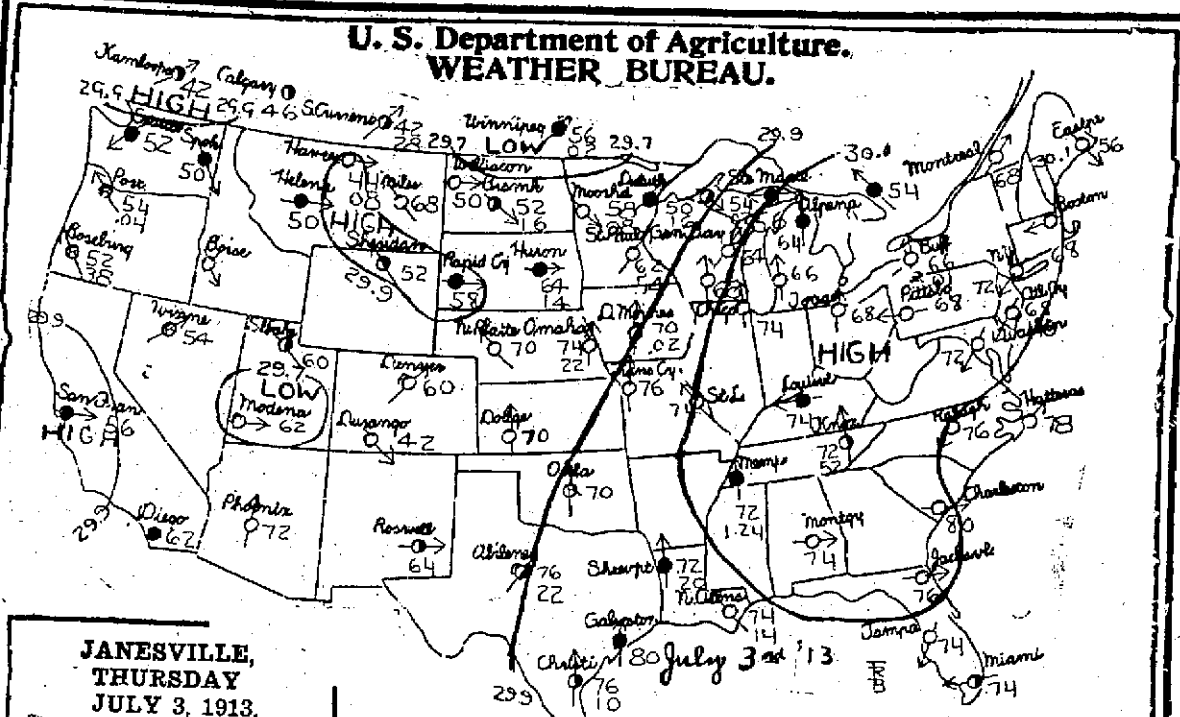

Henley, Eng., July 3.—The grand challenge cup of the royal regatta will remain in England this year for the Leander rowing club defeated in the first heat today the eight of the Argonaut Rowing Club of Toronto, Canada, the only entry from outside the British Isles. The victory was won by a length and a quarter after an excellent race. The time six minutes and fifty-one seconds equals the record made by Leander in 1891 and by New College, Oxford in 1897.

In the second heat Jesus College, Cambridge beat the London Rowing club by two half lengths in seven minutes twelve seconds. The weather was cloudy when the regatta was resumed today.

EXPLANATORY NOTES.
Observations taken at 8 a. m., 75th meridian time. Air pressure reduced to sea level. Isobars (continuous lines) pass through points of equal air pressure. Isotherms (dotted lines) pass through points of equal temperature. Drawn only for zero, freezing, 50°, and 100°. Symbols: ☉ clear; ☁ partly cloudy; ☁ cloudy; ☁ rainy; ☁ snowy; ☁ report missing. Arrows fly with the wind. First figures, lowest temperature past 24 hours; second, precipitation of .01 inch or more for past 24 hours; third, maximum wind velocity.

The barometer is slightly above normal throughout the Appalachian Mountain region. The stationary area of low barometer in the southwest occupies an irregular area running from New Mexico and Colorado across the plateau region of Utah and Nevada to Oregon. An area of low barometer is moving slowly eastward through the western provinces of Canada. The weather is generally fair in the east, with moderate to high temperatures. It is also somewhat warmer in the Missouri valley and on the plains. There have been scattered showers in the east and south, and rain has fallen quite generally throughout the northwest.

THE DONT'S.

There is no use telling the average American boy that he must not do this or that, especially on the Fourth of July. The same Fourth idea appeals to the older generation, but the youth of today feels just as youths of yesterday did, that the Fourth was created for their own special benefit and that if they can not shoot off firecrackers, wake the neighbors before daylight with a bomb explosion and perhaps blow off a few fingers, put some eyes out, at least burn themselves, they are not having a good time. Friday is the Fourth. Janesville will not officially celebrate. There will be big doings in several adjacent cities and many will journey to them for their amusement, but there will be no lack of noise right here at home if present indications count for anything. It would be unwise to issue a list of don'ts for the Fourth, but it is suggested that parents explain to Young America the dangers of trying to see why a fire-cracker did go off, of holding the big cracker in their hands until ready to explode, and setting fire to their clothes or their neighbors' homes. Just suggestions, for Young America is a mighty independent citizen tomorrow and firmly believes that the Continental Congress assembled in Washington over a century ago declared this country free from English rule, and the old Liberty bell rang out the glad tidings just for their special benefit so they could make all the noise they wanted to. The real significance of the day is lost sight of in the various amusements offered to the public on this day. The old days of the solemn parade of old soldiers, the speech by the village squire, and the various athletic contests have given way to horse racing, ball games, burlesque parades, vaudeville shows, balloon ascensions and similar entertainments. With the old copper-toed shoes the old customs have gone out of style and in their place we find a new-fangled idea of entertainment and amusement for the public who desire excitement, and plenty of it, on their holidays.

JULY THE 8TH.

On Tuesday next the voters of Janesville will decide the question of the bond issue for the bridge construction and also will select one man to become a candidate in the recall election against Mayor James Fathers. As to the bond issue the question should be fully understood by the people before they vote in the negative. The construction of the bridge just at this time is imperative to the city's business interests and a delay will seriously handicap Janesville. Voting for the bridge bond issue or against it will not settle the question of rebuilding the structures along its side. This is a separate matter and one which must be taken into the courts of law. There are various ways this can be done and already the matter is in the hands of the state authorities for action. With this understood fully the bridge bonds should be voted for. When it comes to the mayoralty primary it is up to the voters to decide between Nicholas or Nash. Both have announced themselves as candidates for the nomination to oppose the present mayor in the first recall election under the commission form of government in Janesville. It will be one of the two men selected next Tuesday or Mayor Fathers, who will be the next mayor, and this fact should be considered when deciding which of the two are to be nominated. There is really nothing more to the recall proposition now than there was when it first started and the real issue is just the same now as then, only it has been actuated by a spirit of revenge. Whoever is nominated next Tuesday, the Gazette speaks the support of the voters of the city who believe in good

government for the re-election of Mayor Fathers at the regular election called for July 23. Meanwhile, understand the issue on Tuesday next and vote accordingly.

TENNIS A FINE SPORT.

The strong probability that an American will win the British championship in lawn tennis this year and thereby take the highest honors possible in that sport, is attracting unusual attention to one of the best of all outdoor games. If Maurice McLoughlin justifies the expectations of his admirers and the conclusions based on past records, lawn tennis will be given more notice in this country than ever before.

Its popularity is rising steadily, aside from the special interest attached to the brilliant work of the American champion in the tournament now in progress at Wimbledon. The sport is so clean and fine, the exercise it gives is so good and the opportunities it affords for great skill are so many and varied that its future is well assured. Lawn tennis is one of the games which are in no danger of being pushed aside, in any sense, by whatever changes may come in the popular fads and fancies of the times.

In moderation it is a sport that can be enjoyed by men and women of no especial athletic attainments or prowess. On the other hand, the strongest and hardest athlete, with the greatest endurance, find tennis quite strenuous enough for their utmost efforts. It is a game which can be adapted to a wide range of conditions, and it has done much for the health and happiness of a multitude of its votaries.

Possibly there is no connection between the success of the suffragists in Illinois and the fact that Senator J. Ham. Lewis has reconsidered his decision to cut off his pink whiskers.

The birth of four tiger cubs in the New York zoo cannot be accepted as a good omen for Tammany. All of them are behind the bars.

Young Mr. Morgan says there is not enough money in the world. Still there was enough of it to keep his father rather busy.

Count all the fighters carefully tonight for they may not all be there tomorrow evening when bedtime comes.

Why all this fuss about the tight skirts? None of them is so tight that it prevents a woman from catching a man.

Heart to Heart Talks

By JAMES A. EDGERTON.

THE DIVINE LAW.

In music love is expressed by harmony, hate by discord.

Love somebody. Hate somebody.

Lift up somebody. Bless somebody.

This is the divine law.

Live not unto yourself alone. Forget for a time your selfish ends. Get out of the narrow shell of your egotism. Brighten the lives of those around you. Make sweeter the cup for some other of God's children. Life is dreary enough at times for all of us. Then how much a kind word, a good deed, helps!

Our hearts yearn for sympathy as the flowers yearn for the dew and the rain.

Love is spiritual sunshine. Make your soul a sun to radiate light and warmth to all about you.

Hatred kills. Love gives life. Hatred embitters. Love sweetens and purifies. Hatred degrades. Love elevates. Hatred is the road to hell. Love is the path to heaven.

Leave a plant without sunlight and it withers and dies. Leave a heart without love and it becomes stunted and dwarfed.

Love, attraction, mutual dependence and helpfulness run through all matter, all life, all the universe.

Love binds the atoms together, draws force and sustenance to the organism and forms the invisible chain which holds the worlds and suns in space.

With bonds of affection, patriotism and brotherhood it unites the family, nation and the race.

It is the soul of the social system. It is the regenerating power of the world.

A child needs love as much as it needs food, shelter and raiment. While the physical comforts are essential for its bodily growth, love is required for its spiritual unfoldment.

Love attends us all along the journey of life. It is with the infant at birth. It is the monitor and guide of childhood. It is the miracle and sweetness of youth. It is the stay of manhood and the protection of womanhood. It is the comfort of old age. It closes down the eyelids in the last sleep.

CLOSE ALL ENTRIES IN IMPORTANT CLASS

Three Year Old Trot and Pace for Rock County Fair Has Full Quota

—\$4,000 in Purses Offered.

[SPECIAL TO THE GAZETTE.]

Evansville, July 3.—The early closing of the entries to the three year old trot and pace at the Rock county fair, was effected July 1st. The number of entries in these races have far exceeded the expectation of the superintendent of speed, and as these classes are the hardest to fill the officers are assured that the best horses in this section of the country will be in Evansville, August 20, 21, 22 and 23. Four thousand dollars in round numbers is the purse offered for races in this class and the officers are determined that this shall be a serious test, so that no lovers of horse-flesh will be disappointed, for the best classes of horses will be in Evansville at that time.

Evansville, belonging to the Wisconsin Grand Racing circuit, comes third in date with the fair so that none of the good horses will be with drawn, as is the case of those coming here.

Due to continual and diligent effort on the part of the superintendent of speed, entries to race have been received from Libertyville, Ill., Wheaton, Ill., Chicago, Ill., Milwaukee, Wis., West Allis, Wis., Burlington, Wis., Madison, Wis., Janesville, Wis., Cottage Grove, Wis., Beloit, Wis., South Beloit, Wis. The late closing to races other than the three year old class closes Saturday, August 9.

Ground has been broken for a new horse barn one hundred and fifty feet in length, and two new settle sheds, each one hundred and twelve feet long. All the old barns and fences have been torn down and replaced by new ones, and the grounds are being put in first-class shape, and the wide awake men behind the organization this year are putting forth every effort to make this a fair which no one will come to miss and which those who attend once will attend every day.

CONVICT LABOR LEADER SENTENCED TO PRISON

(BY ASSOCIATED PRESS.)
Paterson, N. J., July 3.—Patrick Quinlan, a leader of the Industrial Workers of the World, was sentenced today to serve not less than two years or more than seven in state's prison and to pay a fine of \$500. He was convicted recently of inciting rioters to strike silk mill workers.

Up to 11:30 this morning the jury in the case of Elizabeth Gurley Lynd tried on a similar charge, had reached no agreement.

MAD DOG IS KILLED BEFORE DOING HARM

Canine Belonging to John L. Fisher Has A Fit This Morning and Is Ordered Shot.

With the advent of warm weather owners of dogs in the city should take every precaution to prevent the animals from contracting rabies. The first scare of the present hot weather period was reported to the police department this morning by workmen at Prospect avenue. A canine belonging to John L. Fisher was acting queerly, evidently suffering from some sort of ailment, and was shot by Patrolman Peter Champion with the consent of the owner. As far as learned the animal had bitten no one or made no vicious attacks on man or beast.

Should the present warm weather continue, the clamor for an order by the council for the muzzling of all dogs within the city limits, must needs be given attention. It would be well for the owners of such animals to take extra precautions to see that they do not stray away from home, that they are provided with plenty of water, and that they are immediately shut up or disposed of should they exhibit any symptoms of rabies. Children should be warned to avoid the canines.

ATTEMPTED TO HANG HIMSELF WITH WIRE

Sheriff Whipple Goes to Lima to Take Charge of Escaped Crazed Inmate of Soldiers' Home.

Crazed with the idea of ending his own life, Loren E. Hughes, an escaped inmate of the Soldiers' Home at Milwaukee, was taken into custody by a constable at Lima yesterday afternoon after he had attempted to hang himself with a piece of barb wire which he tore from a fence. After he had been taken into the constable's carriage he tried to escape the lines from him and repeat the attempt of hanging, and begged that he be shot. Sheriff C. S. Whipple was telephoned at about three o'clock in the afternoon and asked to take charge of the man. He left Janesville at 5:15. Last evening, after the heat-moderated Hughes seemed improved, and had apparently rational periods.

Papers and letters on his person showed that he had been at the soldiers' home, which place was telephoned this morning. It was learned that Hughes had been operated on there and had escaped not long after. He is a veteran of the Spanish-American war. Company E, Second Regiment Missouri Infantry, and his mother and other relatives live at Monon, Indiana. Letters from them were in his pockets. An attendant from the soldiers' home will call for him today.

JANESVILLE A CENTER FOR HEAVY LAKE TRADE

The St. Paul passenger train which passes through Janesville at ten-thirty in the morning, bound for Madison, was almost two hours late this morning, due to the extremely heavy traffic to the Wisconsin lakes which prevails at this time of year. There are six lakes between Chicago and Janesville, and it requires a good deal of time to accommodate the many passengers who travel daily to and from the lakes. The train was delayed this morning with ten passenger coaches and a good share of them were filled as the train left for Madison, and for the lakes about the Capital City.

BRIEF LOCAL NEWS.

Smashes Wheel. While trying to turn the corner on the wet pavement on Milwaukee street by the Myers Hotel this morning, Floyd Benson skidded and crashed into a smaller car belonging to a man named Johnstown. Benson was unable to apply the brakes in time to prevent his heavy car from striking the fore end of the other, breaking one of the spokes and damaging one of the lights on his own car.

A Correction: In the announcement of the death of Mrs. Martha J. Stevens, an error was unintentionally made. The last few winters of her life were passed at the Park hotel while her summers had generally been spent at the home of an old friend, Mrs. Graham, and every care and attention had been provided for her. A marriage license was issued by County Clerk Leo today to William T. Ennis and Katherine A. Boland, both of Janesville.

Teachers Pension Fund: City Treasurer Muenchow has paid to the county treasurer the sum of \$23.02 which is the city's contribution to the teachers' retirement and pension fund. The money together with the funds from the other sections of the city, will be paid by the county treasurer to the state board which has charge of the money and of which the state treasurer is ex-officio treasurer.

Marriage License: Plans and specifications for the proposed new bridge over Rock river at Milwaukee street were mailed today to various contractors who have made inquiries relative to the placing of bids on the building of the same.

Office Closed: The office of County Treasurer F. F. Livermore will be closed until next Monday morning. Beginning this coming Saturday all county offices will be closed Saturday afternoons during the months of July and August.

INSTITUTE TO OPEN HERE NEXT MONDAY

Sessions Will Continue Until July 25—Examinations to Be Held at Their Close.

Next Monday will see the opening of the teachers' institute for Rock county at the high school building. The sessions will continue for three weeks, ending on July 25. Examinations will be held at the close of the institute for four days, beginning July 25, and also on August 9. The examinations will be for all grades. The institute teachers will be Principal H. C. Buell, Emil Roethe, Miss Ella Jacobson, and P. J. Lowth, principal of the county training school. Principal Buell will have the classes in reading, English literature, English grammar, library methods, and physical geography; Mr. Roethe, new classes in arithmetic, algebra, physiology, science, writing, and physics; Miss Jacobson, American literature, grammar, English composition, American history, spelling, and language; Principal Lowth, civics, social management, agriculture, theory of teaching, and geography.

Those teachers who have not taught over three years are expected to take United States history and civics, and may choose one or two more subjects. Methods of teaching will be emphasized in all third grade subjects. Penmanship, spelling and music will be given a general exercise, in which all will be required to take part. Most of those who have taught more than a year may choose the subjects they like as far as possible. Sessions will be held in nearly all the studies of the first, second and third grades.

RECEIVES SERIOUS WOUND IN RUNAWAY

Alfred Summers Injured in Runaway Accident This Morning on Main and Milwaukee Streets.

Alfred Summers, residing at 502 Main avenue, received a serious scalp wound when a runaway wagon belonging to the Janesville Pure Milk company collided with the lighter wagon driven by Mr. Summers at the intersection of Main and Milwaukee streets shortly before noon today.

Mr. Summers was driving up Main street and was about to turn the Myers corner when the heavy milk wagon, which was also coming up Main street, wheels and rear end overturned the lighter wagon, throwing Mr. Summers to the brick pavement. There was a large crowd gathered at the corner and immediately after the accident several rushed to Mr. Summers' aid. He was bleeding profusely from an ugly scalp wound, and he was carried to Dr. P. W. Van Kirk's office where his injuries were dressed.

Very little damage was done to either of the wagons as the horses were stopped by the by-standers as soon as the wagons collided.

WALWORTH PHYSICIAN KILLED UNDER AUTO

Dr. J. F. Nicholson Found Lying Underneath Machine Which Plunged Over Embankment at Lake Geneva.

Dr. J. F. Nicholson of Walworth was instantly killed Tuesday night when his automobile plunged over an embankment thirty feet high near the bridge residence on Lake Geneva.

The bridge, which was under repair, and pinned him to the steering wheel, crushing his skull. Nothing was learned of the accident until yesterday morning, when the machine belted the embankment was noticed by the driver of a passing automobile. Closer investigation disclosed the body of the doctor lying beside the car. The kerosene headlights on the auto were still burning, and the valve on the gas tank was closed, indicating that the doctor had been driving the car without lighting his gas lamps.

CULLEN WILL ERECT NEW BANK BUILDING

Awarded Contract to Construct New Home For First National—Will Start Work at Once.

Contract for the erection of the new bank building for the First National Bank was awarded to the J. P. PHONE CONNECTION PLEAS CONSIDERED

Wisconsin Railway Commission Hears Arguments on Motion of E. D. McGowan.—Hearing Adjourned.

Arguments on the petition of E. D. McGowan of this city for an order directing the Wisconsin Telephone company to institute physical connection of its lines with those of the Rock County Telephone company were heard by the Wisconsin Railway Commission at Madison yesterday in order to ascertain more fully local demands for such connection, the commission adjourned the hearing until later in the month. The hearing will be held at Janesville and assurances were given that it will not be later than July 15. Attorneys Edwin S. Mack and Krizek of Milwaukee, representing the Wisconsin Telephone company, protested that physical connection would ruin the Janesville exchange and that it would amount to confiscation of property. Richard Valentine, general manager of the Rock County company, was present at the hearing and stated that he had no objection to making the connection with the Wisconsin Telephone company's lines.

TO ISSUE NO PAPER ON FOURTH OF JULY

Usual Custom of Suspending Publication on Independence Day Will Be Observed by Gazette.

Observing the usual custom of no publication on the Fourth of July there will be no issue of the Gazette tomorrow afternoon. Celebrations at Burlington, Beloit, Milton and other nearby cities will attract a large number of the holiday crowd, and the excellent race program which will be given at the driving park, as a means of enjoying the holiday. Trips up the river and to nearby lakes will also be included in the program of holiday festivities.

What Is Independence?

As far as you are personally concerned it can best be realized by having money in the bank. Have you that "independent" feeling? The "Rock County Savings" finds many ways to help its depositors promote their independence. It would be glad to include your name on its list, and suggests this as a favorable time to begin, as it will pay interest from July 1st on all money deposited up to July 10th.

TRIO OF SOLOISTS WHO WILL APPEAR

Planist, Violinist and Vocalist Who Will Entertain Janesville Public During Chautauqua Week.

The following three women artists will appear on the Janesville chautauqua program which will be enjoyed the week of August 1 to 6.

Miss Nell Bunnell easily stands at the head of Chautauqua soloists. She knows the class of songs that the people love and sings them in such a way that her audiences—often three or four thousand people—grow enthusiastic over her work. With an unusually charming personality and a clear, rich soprano voice under perfect control, she will delight all. Tell everybody that the famous Nell Bunnell is coming, and that no one should miss this wonderful entertainer in song.

Miss Edna B. Crum, the concert violinist, who has been widely heard in lyceum and recital work, received her training in Berlin, the musical center of the world. She is well known for her accurate technique and artistic playing. Recently Miss Crum had the honor of an invitation to play before the great Kubelik, who accompanied her on the piano, and expressed great admiration for her skill.

Miss Clara Kvello is an artist of rare ability, gifted with remarkable skill, delicacy and depth of feeling. Her piano work is exceptional. As a soloist she has won an enviable reputation. A perfect mimic her work as an impersonator and in character delineations adds spice and humor to the program. Miss Kvello completes this trio of musicians whose power to delight is unlimited.

Why is the soda cracker today such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

Uneeda Biscuit—soda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection—packed to perfection—kept to perfection until you take them, oven-fresh and crisp, from their protecting package. Five cents.

NATIONAL BISCUIT COMPANY

SIDEWALK SKETCHES

SINGING.

(By Howard L. Rann.)

SINGING is a happy substitute for real music which is caused by opening the mouth as widely as possible and projecting the voice into space. If the singer is not well known there is usually plenty of space to project into, but if she has reached the point where the music critics refer to her as an "artist" she will find the room crowded so full of double-distilled culture that the man who came in hoping to see a singer will find something familiar couldn't get out without using a jimmy.

Some people begin to sing an early age and keep it up without the slightest regard for the feeling of others. This is particularly true of choir singers, who hang on long after everybody would be highly pleased to have change both in timbre and the personnel. Opera singers never let go so long as they can keep within six cubic feet of the box in which they started, and they seldom retire without getting a series of frost-bitten farewells.

Singing is always the result of some method. There are several different methods, but they all produce the same low-spirited sensation in the man who does not care for any form of classical music except the Traumerl with variations. Most people prefer the natural method of singing, which induces the singer to remove his collar and necktie and clutch nervously at his throat-mechanism when about to climb some forbidden steep.

There are two kinds of singing—straight and wobbly. People who sing in a straight line are at a great disadvantage, for whenever they wander a few yards from the accompaniment and hold a high note with the utmost firmness and satisfaction they create a large sour gap which is apparent to everybody who is not already in a state of coma. On the other hand, the singer who produces a tone which resembles an outline map showing the fluctuation in the price of wheat over a period of thirty years can sing in nine different keys on one intake without causing anybody in the audience to repine in short, curt syllables.

Singing is all right in its place, but most of it is so poorly placed that it hurts.

A Hint to the Wise.

A wise wife soon learns to manage her husband, while a wise husband never tries to manage his wife.

JANESVILLE CAR HIT A BELOIT DRUGGIST

J. M. Farnsworth of Line City Injured In Accident in That City Wednesday.

According to the Beloit Daily News, J. M. Farnsworth, the druggist, had a miraculous escape from severe injury at about 1:30 Wednesday afternoon when he was struck by an auto mobile driven by Charles Kemmerer of Janesville and knocked to the pavement the automobile partially passing over him before it could be stopped.

The accident occurred at the fountain square on Grand avenue while Mr. Farnsworth was on his way back to his store after his dinner hour.

Coming west on the north side of the street Mr. Farnsworth turned west of the fountain and headed for the south curb, directly in front of his store.

Mr. Kemmerer and his companion were in their machine, headed west. The machine was stopped while the man was conversing with a man standing in the street and Mr. Farnsworth seeing that the machine was standing still decided he could pass in front of it without danger.

He then glanced up West Grand avenue to see if anyone was coming down the street and paid no further attention to the machine.

The Janesville men ceased their conversation at that moment and Mr. Kemmerer then swung his machine around the fountain and ran into Farnsworth before he had any chance to escape.

He was knocked to the pavement and the auto ran over him, it being necessary to drag him from beneath the machine when it was brought to a stop. His clothes were badly torn and thereby he suffered severe bruises to his left side and leg he was able to walk to his store. The bicycle he was riding was demolished.

WOMEN'S RELIEF CORPS HAS PLEASANT PICNIC

Nearly a hundred members of the Women's Relief Corps and Grand Army of the Republic were entertained at a picnic at Elm Grove Park, owned by J. P. Carle on North Washington street, as the guests of the W. R. C. yesterday afternoon.

Card were played, musical numbers were given, and games of various kinds enjoyed. A picnic supper was served from the well loaded baskets brought by the ladies, and young and old passed a very pleasant afternoon.

Adapting the Phrase.

"Mr. Browne is a charming and a scholarly young man," declared a Chicago lady who was insisting in print on her right to select her own husband. From which we infer that it will soon be proper to refer to Mr. Browne as "a husband and a scholar."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a tea-spoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

And taken long trips every night. We've travelled over the summer sea. And on the road to anthracite.

We have lolled round in deep content. Upon Atlantic City's sand. We've dined with the idle rich.

To the resorts in Switzerland. By gentle breezies on the coast. Of Puget Sound we have been fanned.

Imaginary trips are great. For there is not a cent to pay. And when it comes to travelling. That seems to be our only way.

When our vacation really comes. We'll just go fishing for a day.

How Editors Get Rich.

A great many persons have wondered how editors all get rich so quickly and with such small effort. One of them who has grown rich has at last told the secret of it. He outlines it as follows:

"For running a six-inch advertisement for one year, we can get a gross of pills."

"For adding advertising and \$25 cash we own a bicycle. The wheel sells at just twelve dollars."

"A fellow out west wants us to run a lot of advertising for him for nothing, and if it brings results he may become a customer."

"For running \$12 worth of locals we can get two tickets admitting us to a circus in the city and pay our own fare on the railroad."

"A gun firm wants us to run \$19 worth of advertising and then send \$10 in exchange for a shotgun. Such a gun would retail at about \$8."

"By running \$50 worth of advertising and then sending \$25 to an Atlantic City firm, we will be given a deed to a lot. When the tide is in the lot stands six feet under water."

"When a man dies, the undertaker gets from \$75 to \$150 to bury him, and the editor gets nothing for publishing his obituary notice."

According to Uncle Abner.

More things can happen to an automobile in five minutes than kin happen to a boss in five years.

It looks as though the crop of wild oats is going to be as luxuriant as ever this year.

It looks as though Woodrow is going to disappoint a lot of folks—a lot of folks who were sure he was going to fizzle out.

A man who goes to the office to have an electric lighting bill explained.

Quite Comforting.

Mrs. Knagg—If I were to die you'd never get another wife like me. Knagg—It's very kind of you to say that.

Want Ads. That Pay

It's well worth while to devote a few minutes' time to the writing of a classified advertisement. Too many of these small ads only half express the thought that is intended and the failure of the ad to bring results follows.

The line, "For Sale; A House in First Ward," may mean anything from a chicken house to a flat building and the very indefiniteness of the advertisement will tend to keep people from answering.

If you have a house for sale, give the full details, tell whether it is large or small, give the number of rooms, tell of its location, improvements, what condition it is in and the price and if it is desirable you may be sure of securing prospective buyers. And you will just as surely have eliminated a lot of answers that would have been worthless.

Example:

FOR SALE—A modern seven-room dwelling in Second Ward, four blocks from business section, nice lawn, shade and some fruit, a bargain at \$2500. Terms if desired. X, care Gazette.

FORTY YEARS AGO

Janesville Daily Gazette, July 3, 1873.—Murder Trial: Further evidence from the testimony of Judson Robinson was to the effect that he had seen a pile of clothing at the foot of Rachel Thomas' bed and afterwards found clothes between the slats and straw tick of her bed where they had been placed after his first visit to the place
